

Fig.1.

Fig.1A.

This figure is an exploded perspective view of a medical device assembly, designated by the reference numeral 10. The assembly includes a variety of components, each labeled with a reference numeral. Key components include:

- 100**: A circular component, possibly a lens or a filter, located at the top right.
- 130**: A small, cylindrical component positioned below 100.
- 132**: Two small, rectangular components located to the left of 130.
- 134**: A small, rectangular component located below 132.
- 140**: A small, rectangular component located to the left of 132.
- 142**: A small, rectangular component located to the right of 140.
- 150**: A small, rectangular component located to the left of 140.
- 152**: A small, rectangular component located below 150.
- 160**: A small, rectangular component located below 152.
- 170**: A small, rectangular component located below 160.
- 172**: A small, rectangular component located below 170.
- 174**: A small, rectangular component located below 172.
- 180**: A small, rectangular component located below 180.
- 182**: A small, rectangular component located below 180.
- 184**: A small, rectangular component located below 182.
- 186**: A small, rectangular component located below 184.
- 188**: A small, rectangular component located below 186.
- 190**: A small, rectangular component located below 188.
- 192**: A small, rectangular component located below 190.
- 194**: A small, rectangular component located below 192.
- 200**: A small, rectangular component located below 194.
- 202**: A small, rectangular component located below 200.
- 210**: A small, rectangular component located below 202.
- 211**: A small, rectangular component located below 210.
- 219**: A small, rectangular component located below 211.
- 220**: A small, rectangular component located below 219.
- 230**: A small, rectangular component located below 220.
- 240**: A small, rectangular component located below 230.
- 250**: A small, rectangular component located below 240.
- 260**: A small, rectangular component located below 250.
- 270**: A small, rectangular component located below 260.
- 280**: A small, rectangular component located below 270.
- 290**: A small, rectangular component located below 280.
- 300**: A small, rectangular component located below 290.
- 310**: A small, rectangular component located below 300.
- 320**: A small, rectangular component located below 310.
- 330**: A small, rectangular component located below 320.
- 340**: A small, rectangular component located below 330.
- 350**: A small, rectangular component located below 340.
- 360**: A small, rectangular component located below 350.
- 370**: A small, rectangular component located below 360.
- 380**: A small, rectangular component located below 370.
- 390**: A small, rectangular component located below 380.
- 400**: A small, rectangular component located below 390.
- 410**: A small, rectangular component located below 400.
- 420**: A small, rectangular component located below 410.
- 430**: A small, rectangular component located below 420.
- 440**: A small, rectangular component located below 430.
- 450**: A small, rectangular component located below 440.
- 460**: A small, rectangular component located below 450.
- 470**: A small, rectangular component located below 460.
- 480**: A small, rectangular component located below 470.
- 490**: A small, rectangular component located below 480.
- 500**: A small, rectangular component located below 490.
- 510**: A small, rectangular component located below 500.
- 520**: A small, rectangular component located below 510.
- 530**: A small, rectangular component located below 520.
- 540**: A small, rectangular component located below 530.
- 550**: A small, rectangular component located below 540.
- 560**: A small, rectangular component located below 550.
- 570**: A small, rectangular component located below 560.
- 580**: A small, rectangular component located below 570.
- 590**: A small, rectangular component located below 580.
- 600**: A small, rectangular component located below 590.
- 610**: A small, rectangular component located below 600.
- 620**: A small, rectangular component located below 610.
- 630**: A small, rectangular component located below 620.
- 640**: A small, rectangular component located below 630.
- 650**: A small, rectangular component located below 640.
- 660**: A small, rectangular component located below 650.
- 670**: A small, rectangular component located below 660.
- 680**: A small, rectangular component located below 670.
- 690**: A small, rectangular component located below 680.
- 700**: A small, rectangular component located below 690.
- 710**: A small, rectangular component located below 700.
- 720**: A small, rectangular component located below 710.
- 730**: A small, rectangular component located below 720.
- 740**: A small, rectangular component located below 730.
- 750**: A small, rectangular component located below 740.
- 760**: A small, rectangular component located below 750.
- 770**: A small, rectangular component located below 760.
- 780**: A small, rectangular component located below 770.
- 790**: A small, rectangular component located below 780.
- 800**: A small, rectangular component located below 790.
- 810**: A small, rectangular component located below 800.
- 820**: A small, rectangular component located below 810.
- 830**: A small, rectangular component located below 820.
- 840**: A small, rectangular component located below 830.
- 850**: A small, rectangular component located below 840.
- 860**: A small, rectangular component located below 850.
- 870**: A small, rectangular component located below 860.
- 880**: A small, rectangular component located below 870.
- 890**: A small, rectangular component located below 880.
- 900**: A small, rectangular component located below 890.
- 910**: A small, rectangular component located below 900.
- 920**: A small, rectangular component located below 910.
- 930**: A small, rectangular component located below 920.
- 940**: A small, rectangular component located below 930.
- 950**: A small, rectangular component located below 940.
- 960**: A small, rectangular component located below 950.
- 970**: A small, rectangular component located below 960.
- 980**: A small, rectangular component located below 970.
- 990**: A small, rectangular component located below 980.

Fig.6.

A cross-sectional view of a container assembly 60. The assembly includes a top layer 490 with a wavy pattern, a side wall 420, and a bottom layer 400. The top layer 490 is shown with a dashed line indicating a cross-section. The side wall 420 is shown with a dashed line indicating a cross-section. The bottom layer 400 is shown with a dashed line indicating a cross-section. The assembly is shown with arrows indicating flow or direction of movement. The assembly is shown with a dashed line indicating a cross-section. The assembly is shown with a dashed line indicating a cross-section.
